

## Year 8 Revision for SPANISH summer exams

Check you can do the following:

I can read and understand all my year 7 and 8 vocab from the sentence builders and AVOCADOS that I carefully filed in my knowledge organiser folder.

I can pronounce and understand this vocab when I hear it too.

I have practised doing the writing task below. I can write clear messages, from memory and with ambition using a range of tenses and opinions with reasons and AVOCADOS. I do my personal best and write a minimum of 40 words to 90 words and even up to 150 words if I am in an upper year 8 Spanish set.
